## **PRESS RELEASE**

8 December 2016

### ***Information regarding the cash-or-share capital repayment approved by the AGM:***

In September, Arundel AG (the "Company") announced that its shareholders, at the Company's Annual General Meeting held on 27 September 2016 (the "AGM"), had approved a reduction in share capital by way of a reduction of the par value of each share from CHF 10 to CHF 9.5. The reduction in share capital has now been registered in the Commercial Register of the Canton of Zurich as of 2 December 2016. As a result, shareholders will receive a capital repayment of CHF 0.50 per share of the Company. The repayment is payable in cash or, at the election of the shareholder, in additional shares of the Company (sourced from treasury shares). Eligible Shareholders (as defined below) may elect to receive, in respect of all or part of the shares held by them, one additional share per CHF 8.50 of their respective repayment entitlement. Fractional entitlements shall be ignored. Shareholders of the Company will receive the repayment in cash unless they notify the Company, in accordance with the instructions set out below, that they wish to receive the repayment in additional shares.

The Board of Directors has determined the further terms and details for the repayment as follows:

#### Election process, eligible shareholders

Shareholders who hold their shares in the SIS settlement system through brokers or custodian banks who are SIS participants (whether or not registered as a shareholder in the Company's share register) will be informed of the procedure for the election by their broker or custodian bank, and must act in accordance with such instructions. All elections through the SIS settlement system must be received by the Company before the end of the election period. Election rights are not tradable.

The option of electing to receive the repayment in additional shares is only available (and this document, to the extent it relates to that option, is only addressed) to such shareholders (the "Eligible Shareholders") who are resident and located (i) in Switzerland, or (ii) in any other jurisdiction where it is lawful for the share election option to be made available to and exercised by such shareholders, and for this document to be distributed, and in which no consents, licences, approvals, authorizations or registrations of or with government, judicial or public bodies or authorities, no publication of a prospectus (or any other document), and no other action by the Company whatsoever, are required in connection therewith. Each shareholder is responsible itself to determine (in consultation with its own legal advisors where necessary) whether it is an Eligible Shareholder. Any shareholder making an election to receive the repayment in additional shares will be taken thereby to represent to the Company that it is an Eligible Shareholder.

An Eligible Shareholder may elect to receive the repayment in additional shares in respect of all shares that it holds, or for any portion thereof (provided that fractional entitlements to additional shares will be ignored). All shares as to which no valid election has been received by the end of the election period will receive the repayment in cash. Once an election is made, it is irrevocable.

Description of shares and rationale for cash-or-share repayment

The additional shares to be distributed to Eligible Shareholders who elect to receive their repayment in additional shares, are existing registered shares of the Company which will have a nominal value of CHF 9.50 each, currently held in treasury by companies of the Arundel group ("Shares"). They rank *pari passu* in all respects with all other existing registered shares of the Company.

- *Voting rights*: each Share entitles its holder to one vote at the Company's general meeting of shareholders, provided that the holder is registered in the Company's share register at the relevant record date as a shareholder with the right to vote. Registration in the Company's share register is subject to the rules stated in the Company's articles of association, and the Company does not give any assurance to shareholders electing to receive Shares that they will be registered as shareholders with the right to vote in respect of such Shares;
- *Entitlement to dividends/capital repayments*: each Share entitles its holder to dividends/capital repayments pursuant to the resolutions of the general meeting of shareholders relating to the allocation of profits/capital repayment, when passed. The Shares will not be entitled to the capital repayment made by the Company in January 2017, i.e. they will be delivered ex-capital repayment;
- *Liquidation proceeds in the event of the Company's liquidation*: any surplus arising out of a liquidation (after settlement of all claims of all creditors) is distributed to all shareholders in proportion to the paid-up nominal amounts of their shares;
- *pre-emptive rights in the event of a share issue (Bezugsrechte) or in the event of the issuance of equity-linked securities (Vorwegzeichnungsrechte)*: Shareholders have pre-emptive rights in proportion to their Shares held in case of the issuance of new shares or in case of the issuance of bonds to which options or conversion rights to be sourced from conditional capital are linked. Swiss law provides that such rights may be limited or suspended in certain circumstances by the articles of association or by resolution adopted by a general meeting of shareholders with a qualified majority.

In case that all shareholders (other than the Company in respect of own shares held in treasury) were Eligible Shareholders and elected to receive the repayment in Shares in respect of all shares that they hold (and disregarding the effect of the rule that fractional entitlements will be disregarded), a maximum of 844,334 Shares would be deliverable to shareholders in respect of the repayment.

The Shares to be delivered will be in uncertificated form (*Wertrechte*, within the meaning of the Swiss Code of Obligations) and will be delivered as intermediary-held securities (*Bucheffekten*, within the meaning of the Swiss Intermediary-Held Securities Act) in the SIS settlement system. They are listed and admitted to trading at the SIX Swiss Exchange. Following registration in the share register, a shareholder may request the Company to issue a written statement in respect of its registered shares at any time; however, the shareholder has no entitlement to the printing and delivery of share certificates.

As a result of the development of the Company's activities during 2016, the payment of a dividend in late 2015 of CHF 0.50 per share, and in expectation of continued developments in 2017, the Board of Directors wanted the Company to continue to make annual distributions to shareholders. At the same time, the Board of Directors wanted the Company to conserve its cash resources to the greatest extent possible, to fund further investment in its businesses and meet its ongoing working capital requirements. As a result, the Company inquired with a number of its principal shareholders whether they would be prepared to elect to receive all or part of their capital repayment in additional shares of the Company. Many of the Company's principal shareholders were very supportive of this proposal and as at the date hereof, shareholders holding an aggregate number of 9,222,925 shares of the Company have indicated that they will elect to receive all of their repayment in additional shares.

In view of this support from principal shareholders, the cash-or-share repayment has the benefit that the amount of repayment that the Company needs to pay out in cash is significantly reduced.

In addition, David Quint, a Director of the Company, has agreed to waive his right to receive any capital repayment on the shares held by him.

The Board of Directors of the Company reserves the right to amend the above terms and details at any time. Any amendments will be published only on the Company's website ([www.arundel-ag.com](http://www.arundel-ag.com), "News" section).
