5.1 Method of determining compensation and share ownership programmes

The Nomination and Compensation Committee is competent to present proposals, for decision by the Board, regarding the Company's general compensation policy for directors, Executive Management and direct employees (if any). The Board determines the amount of any remuneration payable to its members and to members of Executive Management. Persons whose remuneration is decided upon do not have a right to participate in the relevant meeting, or otherwise to participate in the process. The Company does not employ external advisers or use external benchmarks for fixing compensation.

5.2 Rules on compensation in the Company's Articles

In Articles 33-37 of the Articles, the Company has adopted rules on compensation of members of the Board and of Executive Management, and related matters, in accordance with the Swiss Federal Council's Ordinance against Excessive Compensation in Listed Stock Companies of 20 November 2013 (now replaced by the revised rules of company law in the CO in force since 1 January 2023).

5.2.1 Principles applicable to performance-related pay; allocation of equity securities, convertible rights and options; and additional amounts for new members of Executive Management

Board of Directors

Article 33 of the Articles provides that members of the Board receive a fixed compensation for their work.

The Board may decide that part of the compensation is paid, instead of a cash payment, in Shares (which may or may not be restricted), or in reversionary subscription rights or options for Shares. The Board shall, in that case, specify the time of the grant, the term of the restriction (if any) or vesting period, and any discounts applying in consideration of the term of the restriction (if any) or vesting period. The Board may provide that upon the occurrence of certain events designated in advance, such as the termination of a mandate or a change

of control, restrictions or vesting periods shall remain in effect or be shortened or cancelled. The value attributed to compensation paid in the form of Shares or of reversionary subscription rights or options shall be their fair value at the time of the grant, determined in accordance with such valuation methods as the Board considers most appropriate to establish that value.

Executive Management

Article 35 of the Articles provides that members of Executive Management receive a fixed compensation and a variable compensation for their work.

Pursuant to Article 36 of the Articles:

- variable compensation for members of Executive Management shall be subject to the achievement of qualitative and quantitative targets. The Board shall annually set common and individual targets, which shall be determined so as to promote the long-term interests of the Company and its shareholders, and shall judge the degree to which they have been achieved. In deciding on the award of variable compensation, the Board may also take account of extraordinary achievements unrelated to pre-determined targets;
- the amount of variable compensation may not be higher than 200% of the fixed compensation of the member concerned for the same period;
- At the option of the Board, variable compensation may be paid in cash, in Shares (which may or may not be restricted), or in reversionary subscription rights or options for Shares. The Board shall specify the time of the grant, the term of the restriction (if any) or vesting period, and any discounts applying in consideration of the term of the restriction (if any) or vesting period. The Board may provide that upon the occurrence of certain events designated in advance, such as the termination of an employment or mandate or a change of control, restrictions or vesting periods shall remain in effect or be shortened or cancelled, that compensation shall be paid on the assumption that targets have been met, or that compensation is no longer due. The value attributed to compensation paid in the form of Shares or of reversionary subscription rights or options shall be their fair value at the time of the grant, determined in accordance with such valuation methods as the Board considers most appropriate to establish that value;
- the Board shall issue regulations governing the details.

Pursuant to Article 37 of the Articles, if new members of Executive Management are appointed after approval has been given by the shareholders' meeting of the aggregate maximum amount of the fixed compensation for the members of Executive Management, the additional amount of fixed compensation available for each new member is 120% *pro rata temporis* of the highest fixed compensation paid to a member of Executive Management in the financial year preceding the last ordinary shareholders' meeting. The shareholders' meeting is not required to approve this additional compensation.

5.2.2 Loans, credit facilities and post-employment benefits for members of the Board and of Executive Management

Article 30 of the Articles provides that loans and credit facilities extended to members of the Board or of Executive Management may not exceed a principal amount of CHF 1.5 million (or equivalent amount in another currency) in the case of any member.

The Articles do not provide for the grant of post-employment benefits to members of the Board or Executive Management.

5.2.3 Vote on pay at the shareholders' meeting

Board

Article 34 of the Articles provides that at each ordinary shareholders' meeting, the meeting shall resolve with binding effect on the approval of the aggregate maximum amount of the fixed compensation for the members of the Board for the one-year term ending at the next ordinary shareholders' meeting.

Executive Management

Article 37 of the Articles provides that:

- at each ordinary shareholders' meeting, the meeting shall resolve with binding effect on the approval of the aggregate maximum amount of the fixed compensation for the members of Executive Management for the then current financial year;
- at each ordinary shareholders' meeting, the meeting shall resolve with binding effect on the approval of the aggregate amount of the variable compensation for the members of Executive Management for the immediately preceding financial year.

5.3 Compensation in the year under review

During the period under review, David Quint and Ralph Beney did not receive any separate fee for their services as members of the Board. Markus Müller was entitled to a fee of CHF 10,000 per annum for his services as non-executive member of the Board.

The annual compensation provided by the Group to the directors for their position as members of the Board was decided by the Board in a discretionary decision in which all members of the Board participated, and applies (to the extent relevant) until modified by the Board (i.e., there is no pre-defined review period).

The compensation noted above is expressed in terms of annual fees and may differ from the actual charge in the financial statements for the period ended 31 December 2022 (disclosed in Note 25 to the Consolidated Financial Statements and the Remuneration Report) due to the effects of foreign exchange and timing differences.

The Company currently does not have any share ownership programmes for members of the Board or of Executive Management.

(At the 2020, 2021 and 2022 Annual General Meetings, shareholders could not physically participate, and could exercise voting rights only through the independent proxy, in accordance with the rules enacted by the Swiss authorities in connection with the COVID-19 pandemic.)

Article 15 of the Articles provides that each ordinary shareholders' meeting shall elect an independent proxy for a term of office of one year, running until the end of the next ordinary shareholders' meeting. Re-election is permitted. A shareholders' meeting may remove the independent proxy with effect from the end of the meeting. If the independent proxy is unable to perform his duties, the Board must appoint an independent proxy for the term up to the end of the next shareholders' meeting. Voting proxies and instructions that have already been issued remain valid, provided that the shareholder does not expressly give other instructions. The Board shall make arrangements to permit shareholders to issue proxies and instructions to the independent

proxy also by electronic means, and determine the respective details. The independent proxy can be represented by another person at the shareholders' meeting. He remains fully responsible for the performance of his duties. The independent proxy is obliged to exercise the voting rights represented by him in line with the instructions given. If he receives no instructions, he shall abstain from voting.

The Audit Committee (or the full Board) reviews and approves in advance all planned audit services and any non-audit services provided by the external auditor. It discusses the results of annual audits with the external auditor, including reports on the financial statements, necessary changes to the audit plans and critical accounting issues.

The external auditor shares with the Audit Committee (or full Board) its findings on the adequacy of the financial reporting process and the efficacy of the internal controls.

The auditor informs the Audit Committee (or full Board) about any differences of opinion between the external auditor and management encountered during the audits or in connection with the preparation of the financial statements.

For additional information, please see also section 3.4.

Evaluation of the external auditor, its independence, performance and fees

The Board annually reviews the selection of the auditor in order to propose its appointment to the shareholders' meeting. The Board or its Audit Committee assess the effectiveness and the quality of the auditor as well as its independence based on the reports received and discussions held.

This assessment measures the external auditor's performance against a number of criteria, including: understanding of Company's business; technical knowledge and expertise; comprehensiveness of the audit plans; quality of the working relationship with management; and clarity of communication. It is compiled based on the input of key people involved in the financial reporting process and the observations of the Audit Committee members.

PricewaterhouseCoopers AG monitors its independence throughout the year and confirms this to the Audit Committee annually.
